Eltel extends frame agreement with TDC Net in Denmark by two years worth about DKK 170 million, or EUR 23 million

Eltel Denmark and TDC Net, Denmark's largest telecommunications provider have extended their collaboration for two years, with an option for an additional two years. The estimated order value is about DKK 170 million, about EUR 23 million.

The agreement focuses on securing the telecommunications infrastructure throughout Denmark by continuously establishing fiber connections for both residential and commercial customers.

The current agreement expires in February 2024, after which the new period of two years, until December 2025, begins.
