Eltel signs a telecom frame agreement in Finland worth about EUR 30 million

Eltel Finland has signed a continuation of a current frame agreement with DNA, a leading Finnish telecom service provider, regarding fixed telecom services. The agreement has a duration of two years, including an option year, and is worth about EUR 30 million.

Scope of works include a wide range of fixed telecom services, including network design, construction and maintenance services.

The agreement commenced in February 2022.
