## **Eltel signs one-year frame agreement in Finland worth about EUR 32 million**

**Eltel Finland has signed a one-year continuation to its current agreement with the Finnish telecommunications company Elisa. The contract includes a significant expansion of fibre-to-the-home (FTTH) construction and is worth about EUR 32 million.**

With this agreement, Eltel will continue to be Elisa's partner for mobile and fixed network services in Finland. This includes services such as mobile and fixed network planning, construction, installation and maintenance. Eltel will also construct FTTH networks for Elisa on a turn-key basis. The extension is valid for a year from now.

Overall, this agreement strengthens Eltel's partnership with Elisa and solidifies the company's position in the Finnish telecom market.
