

Auditor's opinion under Chapter 8 Section 54 of the Swedish Companies Act (2005:551) as to whether the guidelines of the annual general meeting on the remuneration of senior executives have been followed

To the annual general meeting of Eltel AB (publ.), Corporate identity No 556728-6652

Introduction

We have audited whether the Board of Directors and the Chief Executive Officer of Eltel AB (publ.) during the year 2022 have followed the guidelines on remuneration of senior executives adopted at the annual general meeting on 4 May 2020.

Responsibility of the Board of Directors and the Chief Executive Officer

The Board of Directors and the Chief Executive Officer are responsible for the guidelines being followed and for the internal control that the Board of Directors and the Chief Executive Officer deem necessary to ensure that the guidelines are followed.

Responsibility of the auditor

Our responsibility is to issue an opinion, based on our audit, to the annual general meeting as to whether the guidelines have been followed. We have conducted the audit in accordance with FAR recommendation RevR 8 *Audit of remuneration of senior executives of listed companies*. This recommendation requires that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance that the guidelines adopted by the annual general meeting are followed in all material aspects. The audit firm applies International Standard on Quality Control 1 and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

We are independent of Eltel AB accordance with professional ethics for accountants in Sweden and have otherwise fulfilled our ethical responsibilities in accordance with these requirements.

The audit has covered the company's organization for and documentation of remuneration issues for senior executives, the new decisions on remuneration that have been taken and a selection of the payments made during the financial year to the senior executives. The auditor chooses what procedures are to be performed, in part by assessing the risk of the guidelines not being followed in all material aspects. In making those risk assessments, the auditor considers internal control relevant to compliance with the guidelines in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.

We believe that our audit provides a reasonable basis for our opinion set out below.

Opinion

We consider that the Board of Directors and Chief Executive Officer of Eltel AB (publ.) during 2022, with one exception, have followed the guidelines on remuneration of senior executives adopted at the annual general meeting on 4 May 2020. The deviation is described in the third paragraph under the heading "The Remuneration Guidelines" in the company's remuneration report and consists in the fact that during the year an agreement was entered into with the company's Chief Executive Officer (managing director) where the term of notice in the event of termination by the managing director does not amount to the twelve months specified in the remuneration guidelines, but instead agreed to six months.
