Eltel signs a three-year agreement with the Swedish Transport Administration worth about EUR 23 million

Eltel's Communication business in Sweden has signed a three-year framework agreement with the Swedish Transport Administration. The agreement covers field services for the Swedish Transport Administration's IT facilities and is worth about EUR 23 million.

The scope includes a national responsibility for emergency measures, maintenance and contracting services.

The three-year agreement is a continuation of the current contract with the Swedish Transport Administration and is valid from December 2020. The agreement includes an option for an additional two plus two years.
